Subject: My note to Tito

Ron, just for your info, Mathy was pressing the OEM folks to have agreement with R3 on the details needed to move forward on Dimock. This was to include some assurance that we know to work on various communications/messaging documents (like this was our first event???). So to help kick start a discussion and develop a set list that can be tracked and reported on daily calls (apparently Mathy's goal) I sent the note.... Den.
